2010
IMPACT REPORT

FOOD FOR THE POOR, CANADA

SAVING LIVES, TRANSFORMING COMMUNITIES

THE EMPTY BELLY CAN'T LEARN,
CAN'T WORK, CAN'T DREAM.

THE PERSON WITH NO HOME
HAS ONLY TWO QUESTIONS –
WHERE WILL I SLEEP TONIGHT
AND WHAT WILL I EAT?

AT FOOD FOR THE POOR CANADA, WE ANSWER BOTH THESE QUESTIONS. AND MORE...

FROM AID...

In 2010 organisations and individuals across Canada donated food, pharmaceuticals and educational supplies to be shipped to those most in need in the Caribbean and Latin America.

...TO SUSTAINABLE DEVELOPMENT

Aid is a short-term answer, but does not bring long-term relief. We build sustainable villages for the communities who are receiving basic aid – homes, schools, community centres, income generating projects, farming, training and education to support growth in the community.

THIS PAST YEAR YOU SAVED MANY LIVES AND IMPROVED MANY MORE. ON BEHALF OF THOSE WHO HAVE A BRIGHTER FUTURE TODAY, THANK YOU SO MUCH FOR YOUR GENEROSITY AND KINDNESS.

“IT IS HARD TO FIND WORDS TO EXPRESS OUR THANKFULNESS TO ALL OF THE DONORS OF FOOD FOR THE POOR FOR BRINGING RELIEF TO THOSE PEOPLE MADE HOMELESS BY THE EARTHQUAKE.”

JACMEL , HAITI

LEARNING FOR THE FUTURE

Your donations this year built two schools in Jamaica – Bernard Early Childhood Institute in St Thomas and Retreat ECI in Westmoreland. You have improved the everyday lives of hundreds of children by providing a safe, beautiful environment for them to learn in. Generations of 3 to 6 year olds will get a brighter start in life thanks to you.

HOUSING THE FUTURE

In 2010, your support allowed Food for the Poor to build and rebuild houses in some of the areas of Haiti worst hit by the earthquake. Seventy people in Jacmel, Haiti now have a home, thanks to you, and we continue to build.

PRESERVING THE FUTURE

Over the last year:

YOU

FILLED THE EMPTY BELLIES OF THOUSANDS OF CHILDREN IN HAITI WITH TWO MILLION GLASSES OF MILK AND 250,000 MEALS

YOU

SAVED LIVES BY PROVIDING URGENT MEDICINES TO HOSPITALS AND CLINICS

YOU

ENSURED THAT FOOD FOR THE POOR CANADA WAS IMPACTFUL IN DELIVERING AID AND A FUTURE TO COMMUNITIES IN THE CARIBBEAN.

LOOKING FORWARD

The international network of Food For The Poor charities, of which Canada is a part, has been responding for 30 years to those who need it most. With over a billion US dollars in aid delivered in 2010, with a 96% efficiency ratio, no one gets more aid to more people in Latin America and the Caribbean quicker and more efficiently than FFP does.

In 2010, your support reached the frontlines of the emergency in Haiti, and it also dealt with one of the root causes of poverty and exclusion by building schools for children in the Caribbean

Looking forward to 2011, we will be building more schools in some of the most marginalized parts of Jamaica, and more homes in Haiti, where the people continue to need our help every day. We will be launching a campaign to increase the building of sustainable villages and to empower families to be the architects of their own future.

We look forward to sharing this journey with you.
