

**DRIVERS OF
CHANGE**
.....
2011
IMPACT REPORT

FOOD FOR THE POOR, CANADA

EVERY CHILD DESERVES A CHANCE TO HOPE.

AT FOOD FOR THE POOR CANADA,
WE ARE IN THE BUSINESS OF CREATING HOPE.

YOU, OUR DONORS, ARE THE

DRIVERS OF CHANGE

THAT MAKE IT POSSIBLE.

**AS I LOOK BACK OVER THE
LAST TWELVE MONTHS AT
FOOD FOR THE POOR CANADA,
AND ALL THAT WE HAVE
ACHIEVED TOGETHER, TWO
WORDS COME TO MIND...**

HONOUR

&

SERVICE

HONOUR, because at Food for the Poor Canada we are honoured to be the conduit to achieve the change that YOU want to see in Haiti and Jamaica; **to link those who believe in change with those that need it.**

SERVICE, because that is our role. To serve the incredible people in these countries who fight every day to build a better future for themselves and their children. And to serve you, the donors and supporters of Haiti and Jamaica, in your desire to help them.

As we celebrate the children who go to new schools, and as we reflect on what it means to have put food in more than a half a million hungry bellies, we are honoured to serve and we dedicate ourselves to this mission for the upcoming year.

Thank you for being the drivers of change, and thank you for honouring us with the responsibility of making your vision for a better world a reality.

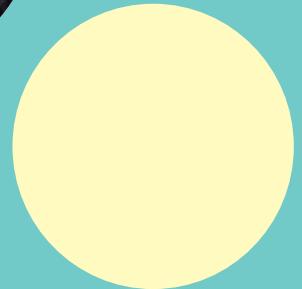

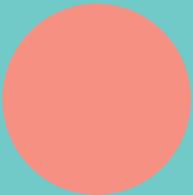

Sam

FROM AID...

In 2011, we worked together to feed a half a million children in orphanages, schools and feeding centers and to provide medicines worth \$1.5 million to Jamaicans and Haitians who needed our help.

POVERTY

...TO SUSTAINABLE DEVELOPMENT

Aid is the beginning, but it does not build a future. In 2011, thanks to your support, families in Haiti who were made homeless by the earthquake were given a new home, and the chance for a real future. Children in three communities were given the chance to go to school through our school-building program in Jamaica, giving them, and their communities a better future. 3000 children in Haiti were ready to start the school year with a backpack filled with pens, pencils, books and crayons.

50@50

CELEBRATE JAMAICA'S 50TH YEAR OF INDEPENDENCE BY:

- BUILDING **50** NEW SCHOOLS
- TRAINING **500** TEACHERS
- EDUCATING **200,000** CHILDREN

For the 50th anniversary of Jamaica's independence, the **50@50 Project** was developed to advance **Early Childhood Education** by building schools and training teachers across the island.

This is an ambitious, visionary project that will transform Jamaica's education system. The first school will open in September of 2012 with one school a month opening for 50 months.

40% of all Jamaicans fail their exams at grade 4, so this one of the most important projects that **Food For The Poor** has worked on in its 30 years serving in the Caribbean and Latin America. We ask you to be a part of the legacy, a better education will change everything.

PARTNERS

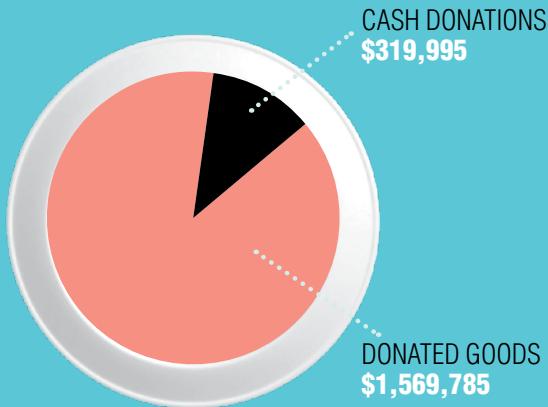

The international network of Food For The Poor charities, of which Canada is a part, has been responding to those who need it most for over 30 years. With nearly one billion dollars of aid delivered in 2011, no one gets more aid to more people in Latin America and the Caribbean quicker and more efficiently than we do.

In 2011, the Canadian community of support for Haiti and Jamaica has grown ever wider. We are proud to serve all our partners :

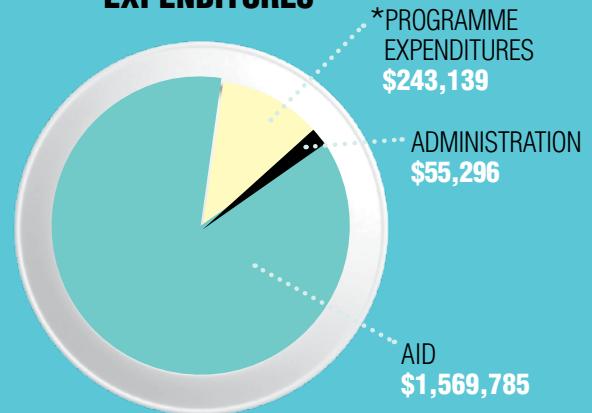

Helping Hands Jamaica Foundation, Health Partners International of Canada, Ve'ahavta, Jamaican Canadian Association, Westmoreland Basic School Support, Jambana, Ajax Downs, Food for the Poor USA, Food For The Poor Jamaica and Food For The Poor Haiti
